

SUMMARY

CDPHE UPDATED

EL PASO COUNTY UNCHANGED

CDPHE's statewide report refreshed yesterday (9/23), its regular weekly update. Overall respiratory illness activity in Colorado remains **Very Low** — the same level as last check — though COVID-19, influenza, and RSV all ticked up slightly on ED visits and sentinel lab positivity, and SARS-CoV-2 wastewater detections rose from 16/21 to 19/21 monitored utilities. Nothing here suggests a meaningful increase in community spread yet. El Paso County's Communicable Disease Data Dashboard and "What's Going Around" bulletin are unchanged — no new local report.

COLORADO STATEWIDE — CDPHE VIRAL RESPIRATORY REPORT

Overall activity: **VERY LOW**

PATHOGEN	ED VISITS	SENTINEL LAB POSITIVITY
COVID-19	0.32% (▲ 0.1)	3.36% (▲ 0.23)
Influenza	0.17% (▲ 0.02)	2.38% (▲ 1.34)
RSV	0.01% (no change)	0.18% (▲ 0.09)

WASTEWATER	UTILITIES DETECTED	MONITORED
SARS-CoV-2 (rising)	19	21
